Last updated 16 October 2008

The SCCA grading list has been published during the first quarter of each calendar year, then supplemented by updates from the ICCF rating system every March and September. The 2008 list is the last to calculate SCCA grades. From 2009, all grades will be calculated on the ICCF system, and SCCA domestic events will be administered on the ICCF webserver to allow results to be automatically fed into the ICCF system.

Grading List 2008

October 2008 Notes

A new ICCF grading list has been published. The new grades are based on results up to 30 June 2008, and will apply to internationally graded games starting between 1 October 2008 and 31 March 2009. If your name does not appear in the ICCF list, then you have played insufficient ICCF-eligible games (under 12) to obtain a provisional rating. Provisional ratings apply until 30 games have been processed, and are marked by an asterisk below.

Full ICCF grades have been gained for the first time by John Armstrong, Alastair Dawson, and Kevin Paine. Richard Beecham has reached the 2500 mark.

March 2008 Notes

A new ICCF grading list has been published. The new grades are based on results up to 31 December 2007, and will apply to internationally graded games starting between 1 April and 30 September this year. The following grades have changed. If your name does not appear on this list, then either you do not have an international grade, or it is the same as that shown with the SCCA grading list published recently. International grades have been obtained for the first time by Kevin Paine and Robert Rough. A provisional grade is marked by an asterisk.

February 2008 Notes

The grading list follows the same pattern as in recent years. Two grades are shown for those players with provisional ICCF grades (i.e. grades based on less than 30 results). If you met a player with two grades, the one that was based on the greater number of results was used in the calculation of your SCCA grade.

The ICCF grades are those that came into force on 1 October 2007. 12 results are needed for an ICCF grade to be published.

The SCCA grades shown in this list take account of all results which appeared on the website by early February 2008. All SCCA events listed in the magazine and the website are included. Friendly internationals are also included if the opponent's grade is known. Grades are calculated for players who have had eight or more results, provided these results were against graded players, or against ungraded players for whom it has been possible to estimate a grade.

One new member, J Binnie, was active in 2007 but did not accumulate the required 8 results, and therefore he has no grade. A provisional grade (i.e. one based on less than 30 results) is marked with an asterisk. Life members are shown with membership numbers above 500.

This is my last year as grading officer, and the Executive Committee has decided that SCCA grades will not be calculated in future. Most of our members now have ICCF grades, and this trend will continue as more results will be reported to ICCF by way of the webserver.

If your name is shown wrongly, or if you are doubtful whether your grade or the number of results is correct, please let me know by emailing: grader.

Note that correspondence grades are often substantially higher than over-the-board grades.
